

AVRIL APULI FERNANDEZ

UI & UX DESIGNER

Profile

BSc (Hons) Creative Computing Graduate with a strong interest of combining creativity and technology. I love designing, engaging, and user-friendly digital experiences. I focus on UX/UI design, brand identity, and website design, bringing together creativity and technical skills to build solutions that look great and work seamlessly. I enjoy collaborating with others and turning ideas into designs that make a real difference.

On-the-Job Training & Practical Experience

Website Design & Development

- Designed & Developed two interactive gaming websites with engaging UI and responsive designs using HTML, CSS, and JavaScript.
- Designed and built a company website, incorporating branding elements and user-focused navigation.
- Created a fashion-related website design in Figma, focusing on bold visuals and smooth user journeys.
- Redesigned the Starbucks website (individual project), improving layout, usability, and visual consistency.
- Assigned as Website Designer in a group project, producing the UI design and ensuring consistent branding across all pages.

Mobile App Design & Prototyping

- Designed FINSELO, a motivational app (Finding Self Love), as an interactive Figma prototype focusing on accessibility and engagement.
- Designed & Developed two Android Studio apps:
- Love Calculator – fun, interactive, and personalized.
- I Love You in Every Language – educational app showcasing multilingual phrases.

Digital Storytelling & Creative Design

- Practiced visual storytelling through creative challenges involving dots, lines, shapes, and composition to communicate messages effectively.
- Conducted design dissections and reverse wireframing to understand user flow, hierarchy, and UI best practices.
- Experimented with multiple design combinations to boost creativity, problem-solving skills, and conceptual thinking.

Language

- English
- Filipino
