Profile

Graphic designer with a Creative Computing degree and a strong eye for visual storytelling. I design posters, banners, and branding across gaming, automotive, food, and fashion, and I support my work with photography and video editing. I build consistent visual styles that fit each brand and look good on social media.

Education

BSc (Hons) Creative Computing

Bath Spa University RAK
2022 - 2025

Senior High School (STEM)

Far Eastern Private School, UAE
2019 - 2021

Experience

Graphic Designer

University Projects/Freelance

January 2022 – Present

- Designed posters and banners across multiple industries, including gaming, automotive, food, and fashion branding
- Built cohesive gaming poster and banner series in Figma, Canva, and Photoshop
- Developed visual concepts and branded content that strengthened brand identity across platforms

Video Editor & Content Creator

Freelance

June 2022 - Present

- Manage the full process alone for short-form gaming videos: idea, recording, editing, and posting
- Study what performs well on TikTok (hooks, pacing, sound) and apply it to every new video
- Grow and engage a gaming audience through regular posting
- Edit and produce videos for social media in CapCut and DaVinci Resolve

Photographer & Photo Editor

University Projects/Freelance

September 2022 - June 2023

- Took and edited photos for design and social media content
- Retouched and colour-corrected images in Lightroom and Photoshop to keep a consistent visual style
